Join Your Child @ School - Maths

Dear Parents,

At Priestley we love to have fun with our Maths learning. We experience our Maths learning through concrete, pictorial and problem- solving activities, which enables us to apply our Maths knowledge and understanding to real life situations.

We are delighted to invite you to our 'Join Your Child @ School' Maths session on **Monday, 21 October 2024.**

This 'Join Your Child @ School' session is based on teaching and learning in Maths. The session will be taking place in EYFS – Yr3 from 8.45 am - 9.45 am and in Yr4 – Yr6 from 10.20 am - 11.20 am. During the sessions you will work with your child on Maths tasks. We have a real focus on Mathematical thinking and reasoning, using models and images to help us. So, come along and give it a go. During the break between session there will be a Parent Meeting in the hall from 9.45 am - 10.15 am.

The purpose of this special event is to give you an insight into how the children work and learn in their classroom setting. It is also very valuable for the children to have the opportunity to share their learning with you at school. This in turn builds their own self confidence and develops their skills in talking about their learning.

If you have more than one child in school, then the hour session could be split between their respective classes.

There are a few safeguarding guidelines we need to make you aware of in line with our school policy as your child's safety is our prime concern:

Please enter the school via the main entrance for your sessions.

Please do not have your mobile phones out during the sessions or use them to take photographs. Also please ensure that you switch off your mobile phone.

If you need to use the toilet during these sessions, please only use the adult toilets near the main entrance – the office staff will direct you.

We would like to thank you in advance for your cooperation and support to make this a very valuable and worthwhile experience for you and your child.

We look forward to working and learning with you.

L Formoy-Brown
